Are you interested in learning skills in **Mediation, Intercultural Dialogue, Confidence Building, Conflict-Solution, Leadership and Human Recourse Management** that can arise everywhere?

We offer you an informative and essential **8 days Academic Autumn Training** program & **3 Month Research Program** with international experts, who are professionals in their fields and where you will get the knowledge to see the world from another perspective, which will help you to capture certain things in a positive way.

- The main goal of the **8-day International Academic Training Program** is to strengthen the skills of representatives from state institutions, the business sector, INGOs/NGOs, education institutions and religious organisations as well as of independent mediators and politicians through academic trainings in Trauma, Healing & Forgiveness, Conflict, Conflict Resolution & Reconciliation, Mediation, Leadership, Human Resources Development, and Diversity Management fields.

- The main goal of the **3 Month Research Program** is to develop the skills of researchers via academic trainings, reading materials, and supervisor guidance and to closely acquaint them with relevant state, public and private institutions within Switzerland.
